The Board, Chairs and two members-at-large met at Sheryl Molter's home to prepare a proposed budget. (See the copy in this newsletter.) The general membership will vote on it at the meeting on February 9th. We were able to come pretty close to guesstimating equal income and expenses. There was an addition of \$150 for membership to the Loggerhead Marine Life Center that will specifically need to be voted on at the meeting. See you there! We will be auditing the books after the newsletter deadline, but before the next meeting.

Membership – Mary Ward

Our Membership committee would like to welcome the two prospective members for the Class of 2010 who attended our January meeting. They are Michelle Wartgow and April Puryear Thank you for attending our meeting. We are happy you are interested in our club, if you have any questions please don't hesitate to ask we are always happy to give you additional information.

We have a very energetic Membership Team with a very aggressive goal for 2010 of bringing in 20 new members. We want to initiate 10 new members in June and 10 new members in December. So we are going to need everyone's help to meet our goal. We are challenging our members to each bring one potential new member to one of our meeting this year and our membership team will get them signed up We are a fantastic friendly group of women who contribute hundreds of hours a year to make our community a better place to live. We all have friends who we would like to see more often but due to our busy lives we don't always have time to keep in touch. So ask a friend to join our club and you would see them more even if it's just once a month at our meeting. What a great way to keep in touch in 2010. We will be giving supprises for those who bring a potentail new member to a meeting. Thank you everyone for your help.

Our spring new member social will be on March 13, 2010 details coming soon.....

If you need any update to your Yearbook page please send it to Claire Portman, the yearbook will be out in March.

Happy Valentines Day Ladies. Do something nice for someone you love! National Wear Red Day is Friday February 5 to support American Heart Association. Keep your heart healthy.

Conservation – Becky

This year is going to be amazing. Our group is planning some tough and rewarding experiences for the entire club. We will, once again be participating in the Adopt-A- Highway program to improve the appearance of our community while reducing the cost of litter removal. Our event happens 4 times a year along our mile of highway, Rt 1, from Tequesta Drive to County Line Road. Our first clean up will be **Saturday, March 6th**. A prize will be rewarded to the volunteer that finds the most interesting piece of garbage!

Earth Hour this year is **Saturday March 27th at 8:30 pm**. This is a worldwide event. Last year 28 of our members participated along with people in 930 cities in 80 countries. It's simple.. Just turn off your lights for one hour. This movement symbolizes that by working together, each of us can make a positive impact, protecting our future by saving energy.

The Great American Cleanup will be **Saturday April 17th**. Together with other site sponsors, we gather at Coral Cove Park in Tequesta to clean our beaches. This is a great time to bring family members and friends to join in keeping the community beaches beautiful. This year the GAC is held the week before **Earth Day, Thursday, April 22nd**.

I am hoping to involve us in helping Earth Day be recognized by planting or donating seeds, possibly in conjunction with one of our local organizations. Either way, on Earth Day, let's celebrate by doing something for our planet..

Our ongoing project with Resource Depot will continue this year. Please collect materials such as toilet paper rolls, egg cartons, foam, plastic, wood and fabric. The items can be used free by educators, parents, children, seniors and other non-profits for craft and other projects. Please give your collected items to Jeanne Takeda. Thank you in advance, Jeanne!

Through the suggestion by Audrey Aradi, we will be donating \$200 to the Loggerhead

Marine Life Center in Juno Beach to help the sea turtles stranded due to the long stretch of cold weather we had recently. Thank you, Audrey.

The Jupiter High School Partnership for Environment program will get some of our donations as well.

I am planning to implement more projects in the months to come. Anyone who missed last month's meeting and would like to join the conservation committee this year, we welcome you as well as ideas and input to help make this year the best ever.

A Holiday Lights thank-you

After entering the stadium and getting all settled before the show began, I looked down onto the field so see several VIPS (including Celeste) milling around getting ready to make announcements and begin the night's festivities. (Apparently, I missed the part of the Oct./Nov. Junior meetings that discussed the extent of our participation in this extravaganza. After seeing Celeste on the field, I actually began to think "Did we/Jrs. chair this thing?"). After enjoying the "Lights", we followed the distant sound of a reindeer sleigh bell and eventually made our way to the bustling North Pole, where we (my daughter, son-in-law, 2 yr. old and infant grandchildren) were meet by a very attractive Santa's elf, several very busy Santa helpers and the jovial St. Nick himself. After lots of encouragement and some serious Santa time we received a photo to remind us of this fun event. It was definitely worth the wait. The Ross family thanks you.

A Chance Junior Encounter

After a little Xmas shopping, my granddaughter and I were exiting Macy's when we ran into two of our fabulous Junior wrappers. Sheryl and Celeste took a few moments to tell us about their day "on the line". It seemed like a tough job. They had to follow a strict dress code and were forced to work through their breaks. Customers/total strangers felt so sorry for our "two" that they bought them drinks. After putting in long hard hours at the "tables", they ended up working for tips. (It was sounding more and more like Las Vegas to me.). OK, so I exaggerated a little. Kudos go to Sheryl and Celeste. After all that, these two were still all smiles, said it was tons of fun, made lots of \$\$\$ for the club, got great tips, met nice people and seemed willing to do the whole thing over again. It was a good day indeed!- But, best of all, I didn't notice a single paper cut on either one of them. All I can say is if everyone who wrapped at the Mall felt as good about it as you two did- It must have

been a very successful project on several levels.
